

NUNN DESIGN[®]
2017 Supplement Catalogue
www.nunn.design.com

A collection of gold jewelry is displayed on a dark, textured wooden surface. The items include several necklaces with different chain styles (beaded, link, and rope), various pendants such as a rectangular blue stone, a circular blue stone, a diamond-set circle, a large teardrop-shaped pendant with a grid of small gold beads, and a pointed gold pendant. A pair of gold hoop earrings is also visible. The lighting is warm, highlighting the metallic sheen of the gold.

An exciting year lies ahead for the team at Nunn Design. We are excited to have yet another business year of supporting our company mission of inspiring and nurturing creativity.

As a fairly new jewelry artist, I've enjoyed moving out of my comfort zone and set style. In our current world of new, new, new, it has been fun to challenge myself to create something fresh with the same findings and materials, but in a different way. You will see examples of this throughout this catalogue with different imagery, colors and a more contemporary look.

Thank you for your support of Nunn Design. We are honored that you are willing to invest in quality products made in the USA.
