How to Instructions For Colorful Dyed Resin Earrings

by Debora Mauser

NUNN DESIGN SUPPLIES:

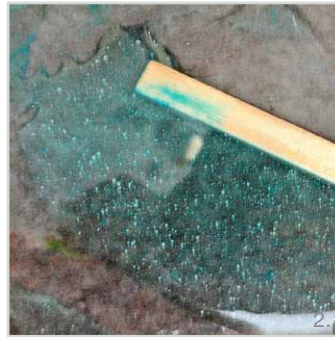

Resin Kit (reskit)
Earring Large Circle - Antique Silver (elc-sb)

OTHER SUPPLIES:

Prisma Colored Chalk
Additives (beads, wire, buttons, jumprings, etc)
Wax paper

TOOLS NEEDED:

Wooden applicator
Small tweezers
Gloves

TO ASSEMBLE THE EARRINGS:

STEP 1: (Image 1)

Place your wax paper down to protect your area, do all of your resin work on this paper. Using the wooden applicator scratch the chalk until you have a small amount of powder.

STEP 2: (Image 2)

Place your two part epoxy near the powder and slowly mix it into the epoxy. Mix until the powder is totally incorporated and all chunks are gone

STEP 3: (Image 3)

Use your applicator to place mixed epoxy into the earring blanks.

STEP 4: (Images 4 & 5)

Pick up your additives with your tweezers and gently drop into resin. Follow instructions from your resin to get rid of all bubbles.

STEP 5: (no image)

Allow to harden following epoxy directions.
