NUNN DESIGN JUMP RING CHEAT SHEET

Large Textured Cable Chain is a brass base chain that is sold in a 12.5" spool and is plated using pure copper, 24k gold, or .999 fine silver. The links are not soldered closed allowing you to open and close the links (which make great jumpings too!)

The Nunn Design Chain is available in 10, 12.5, and 25 feet increments, but length may not be continuous. Variety of countries of origin. All chain is plated in the USA with imported precious metals; copper, 24k gold or .999 fine silver.

Nunn Design Jump rings are sold in quantities that vary from 10, 25, 50 to 125 pieces per package depending on the size. All of the jump rings are made in the USA from various gauges of brass wire and are plated with copper, 24k gold or .999 fine silver.

NUNN DESIGN JUMP RING CHEAT SHEET

Satellite 2mm Bead Chain is brass and plated using copper, 24k gold and .999 fine silver and is sold on a spool of 25 feet. The 2mm bead spacers are separated 11.5mm apart with a fine cable chain. Country of Origin: Sri Lanka.

You will need to finish the ends of your chain with a Nunn Design **Ball Chain Crimp Connector** because the cable chain is too fine to attach a jumpring. When cutting the chain to add the Crimp Connector, cut at least 1/8 inch after the bead spacer to ensure the bead does not slip off.

The Nunn Design Chain is available in 10, 12.5, and 25 feet increments, but length may not be continuous. Variety of countries of origin. All chain is plated in the USA with imported precious metals; copper, 24k gold or .999 fine silver.
