Designer: Jessica Long of Namaste Embroidery

Nunn Design Jewelry Kits for Embroidery offer high quality base metal findings that allow even a beginning embroidery artist the ability to make beautiful, wearable art. Bezels and tag inserts are cast in lead-free pewter and plated with copper, 24k gold and .999 fine silver. Earwires, jumpings and necklaces are brass and are also plated. Kits come with a step-by-step photo tutorial on how to assemble your finished embroidery into jewelry.

Necklace Kits come with Ready to Wear Faceted Bead Chain with a brass lobster clasp. Chains vary in lengths from 18" to 24" depending on the kit. Bulk packs of bezels come with an attached jumping. Artists can purchase add-on chains and assemble easily with no tools required.
