

NUNN DESIGN TOGGLE CHEATSHEET

Here is a cheat sheet to guide you through the toggle bar and ring combinations. Not all of the toggle bars fit all the toggle rings. There are times where the toggle is too small for the ring. Or the ring is too small for the toggle. This cheat sheet will help you to see which toggles and which rings play nicely together.

Nunn Design Toggle Bars and Rings are a great way to bring closure to any jewelry project. All of our toggle bars are cast in lead-free pewter and plated in copper, 24k and .999 fine silver.

Click on any of the findings in the cheatsheet and link right to the website to shop! Pretty neat, huh? Enjoy!!
